NOTICE

OR

PLAN OF OPERATIONS

(For Operations Proposed Under the 43 CFR 3809 Regulations)

Instructions: Circle "Notice" (above) if proposed mining activity within the project area will disturb a total of five (5) acres or less during the calendar year. Circle "Plan of Operations" if disturbance will exceed five acres during the calendar year or if operations are within one of the specially designated areas described in 43 CFR 3809.1-4(b). Complete the form in as much detail as possible. Additional sheets may be used if necessary. Use maps or sketches where appropriate. A review of the 43 CFR 3809 regulations should be conducted prior to completion of this form.

Claim Information (Claim names, circle claim types (Lode, Placer, Mill Site, Tunnel), BLM Serial No.):

J Rock 1-4 claims

unc # 358686-358689

Location of Proposed Activity (i.e. Township, Range, Section): sec. 3 (NE 1/4 of the S 1/2 of oversize sec. 3) T 30S R 21E SLM
5 acre disturbance will be in the N.E. corner of J Rock #3
See attached map

Describe Existing Disturbance and Structures or Indicate on Maps or Sketches (Mine and Mill Facilities, Workings, Tailings, Dump Areas, etc. It may be to your advantage to document existing disturbance with photographs):

none

Proposed Operations: Describe the entire proposed operation, including all surface disturbing activities (road construction, drilling, trenching, backhoe and bulldozer exploration, mining, waste disposal, etc.) List all mechanized earth-moving equipment to be used during the operation and state if explosives are to be utilized. Describe and furnish a map or sketch, when applicable, showing the locations and size of areas where surface disturbances are proposed, including existing and/or proposed routes of access. Calculate the total acreage proposed for disturbance (1 acre = 43,560 sq. ft.)

I plan to send a bulk sample to an existing mill
(APPROX 50 to 500 TONS) using a Front end loader, also
I would like to drill a few holes (100'-200' deep) on
the 5 acre ~~disturbance~~ ^{project area} - The landscape is flat enough
to load trucks and to drill holes without road
building or blasting - I need the total 5 acre
plot because of drill holes - no buildings no mine
dumps at this time

Plan to Shi, approx 50 tons, or more. For the rest of the year

(will use small drill rig)

would drill 5-10 holes

Total surface ~~A~~ will not exceed $\frac{1}{2}$ acre of disturbance.

Period of Operation: From Feb 96 To Feb 97

Proposed Reclamation: Describe the proposed reclamation procedures and other measures to be taken to prevent unnecessary or undue degradation of the lands, including measures to be taken if a period of nonoperation is anticipated.

After the bulk test and drilling or end of operation I will return the mine site to as original condition as possible so as to meet existing laws, regulations and suggestions by BLM personnel as possible

I will complete all necessary reclamation of areas disturbed during the course of my operations to the standards described in 43 CFR 3809.1-3(d) and that reasonable measures will be taken to prevent unnecessary or undue degradation of the federal lands during operations.

Signature of Operator: Alma Rockwell Date Feb 12 96

NOTICE TO OPERATORS:

1. A notice submitted in relation to the 43 CFR 3809 regulations does not require approval from the BLM. However, notification of such activities shall be made at least 15 calendar days before commencing operations. Receipt of a notice will be acknowledged promptly. Approval of a submitted plan of operations is required from the BLM prior to commencing operations. The BLM will promptly acknowledge receipt of a submitted plan and will notify the operator of the status of the plan within 30 days of receipt of the plan.
2. Submittal of a notice or approval of a plan of operations does not constitute certification of ownership to any person named as owner herein, nor does it constitute recognition of the validity of any mining claims named herein.
3. Generally, information that could be considered proprietary is not necessary to fulfill notice or plan of operations requirements. However, information and data submitted and specifically identified by the operator as containing trade secrets or confidential or privileged commercial or financial information should be attached to a separate page and cited in the text of the notice or plan of operations. This information will be filed separately and will not be available for public inspection.
4. Failure of operator to file a notice or a plan of operations, as required by the 43 CFR 3809 regulations, will subject the operator to being served a notice of noncompliance or enjoined from the continuation of such operations by a court order until such time as a notice or plan is filed with the BLM.
5. The completed notice or plan of operations should be filed with the appropriate resource area office. Their addresses are as follows:
